

## COVID-19 CAMP GUIDELINES

The safety of your children, your families, and the safety of our staff (and their families) is of utmost importance to us. In order to run a summer camp safely, it will require the cooperation of all parties involved. The following CDC recommended guidelines will be strictly adhered to:

- We are limiting our camp to 50% capacity.
- Temperatures of counselors and campers will be taken every morning before entering the building and students or employees showing any sign of illness will be separated and sent home immediately at the discretion of camp counselors. There will be no refund of camp payments.
- Students will be required to wash their hands upon entering the building and will wash hands before and after lunch and snacks.
- Studio surfaces, handles, and restrooms will be thoroughly disinfected every evening and multiple times throughout the day.
- Students will bring lunches and snacks from home and will not share. No food will be provided or served.
- Lunches and snacks will be outside.
- No parents are allowed in the building at any time. Check in and pickup will be outside in front of the studio. A phone number will be available to contact us upon arrival.
- Campers will be separated between the 2 large rooms and the lobby of our 3251 square foot studio as much as possible.
- Instead of our originally planned 3-week production camps, we will be switching to weekly themed camps with a live-streamed showcase on Friday afternoons.
- All students will be required to wear masks when not sitting more than 6 feet apart.
- Every effort will be made to keep students apart when possible. Seats will be taped out and separated by 6 feet.

These precautions are not only for the safety of your child, but for the safety of all of our families. Please be considerate and abide by all guidelines, as outlined by the CDC and **KEEP YOUR CHILD HOME IF THEY ARE SHOWING ANY SIGNS OF SICKNESS.**
